NOTE FOR:

FROM:

SUBJECT: Civil Service Legislation

STAT

1. The undersigned received a call from Mr. Tony Ingrassia, Civil Service Commission, who advised that he been asked to call by Civil Service Commission Chairman Campbell.

2. The purpose of Mr. Ingrassia's call was to inform me that an agreement had finally been reached between the principal parties in interest on the Civil Service Reform Act. The agreement allows for floor amendment in the form of a grant of unfettered authority to exempt from the labor-management provisions of Title VII agencies and offices not already specifically exempted. This would allow the President to exempt, for example, our "specialized offices of collection" not now specifically exempted in the act. This was our only remaining dilemma with Title VII of the House bill.
